2. ANTI-CHEAT AND ANTI-HACK POLICY

- No bots, packet edits, memory edits, trainer use, dupes, private service damage, or account theft.
- No attempts to compromise website, launcher, patching, payment, or backend systems.
- No distribution of stolen data, malicious files, or instructions intended to attack the service or other users.

3. CONSEQUENCES

- Warnings may be issued where appropriate.
- Accounts may be muted, suspended, permanently banned, or stripped of illicit items and balances.
- Repeat or severe cases may lead to service-wide bans and external escalation.

4. PROTECTING YOUR ACCOUNT
